

## HOP ! Art exhibition for kids

19.10.2017 > 04.02.2018

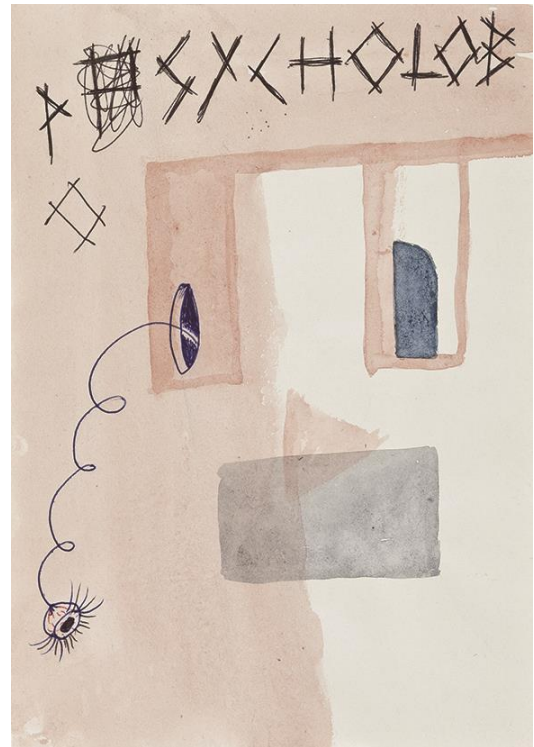

Whether striking, frenetic, disruptive or resonant, artists have more than one trick in their bag to represent their movement.

Taking some twenty works as a starting point from the Museum of Ixelles collection and adapting them for children from 6 to 12 years old, *HOP!* is an art show that will titillate your senses and give you the chills!
